Work Experience

Intern

Jul 2024 - Jul 2024

Sovanna Technologies Oct. Front-End development Sovanna Technologies

As a frontend developer at Sovanna Technologies, I honed my skills in building responsive and user-friendly web applications. My responsibilities included :

Core Skills

Developed applications using HTML, CSS, JavaScript, and modern frameworks like React and Angular.,

Responsive Design : Implemented mobile-first design principles to ensure optimal user experience across various devices and screen sizes.,

Performance Optimization : Enhanced application performance by optimizing code and utilizing best practices in frontend development.,

Cross-Browser Compatibility : Ensured seamless functionality across different web browsers through thorough testing and debugging.,

Collaboration : Worked closely with UX/UI designers and backend developers to create cohesive and efficient web solutions.,

(can put Skills / Certifications first if transitioning your career), Java, Python, C, JavaScript, HTML, CSS, Node.js, Django, Ruby on Rails, etc., MySQL, PostgreSQL, MongoDB, Cassandra, etc., Git, Testing and Debugging,

Project Management and UI/UX design, GitHub, HTML5, Information Technology, Software Products, Technical Documents,
